Seminar on west starts revolt against big business

The move to form a western suburbs regional bureau to co-ordinate efforts to get a better deal in the fields of industry, transport and employment, was "a milestone in the history of the district".

Sunshine's industrial promotions consultant Mr. Bill Williams said this yesterday when commenting on last Sunday's seminar at the International Hotel, Airport West.

The seminar, which Mr. Williams described as "highly successful," called on the mayor of Keilor, Cr. Bryan Bailey, to convene a conference to examine the feasibility of establishing such a bureau.

The formation of a central bureau was suggested by several speakers at the seminar, including Mr. Williams and the president of the Australian Council of Trade Unions, Mr. Bob Hawke.

Make them pay

Mr. Hawke said industry had been allowed to prosper in the western suburbs regardless of the economic and social consequences for the people who worked, and lived in the district.

In the future, enterprises, firms and companies should be forced to pay the social costs of their production.

And they should also be forced, by the strength of community action, to undertake production only within the constraints determined by workers and the local community.

Mr. Hawke said the bureau should consist of representatives from trade unions, industry and local government.

He said it could act as a watchdog to block undersirable industrial development.

People in the west have had their environment systematically eroded and demolished by the dominance of industry and the pollution connected with economic activity, Mr. Hawke said.

They call us peasants

Mr. Williams said the proposed central bureau "would have the responsibility for amplifying the voice of the real people of the western suburbs, so that our case for justice is properly and strenuously and persistently presented to the public and the authorities."

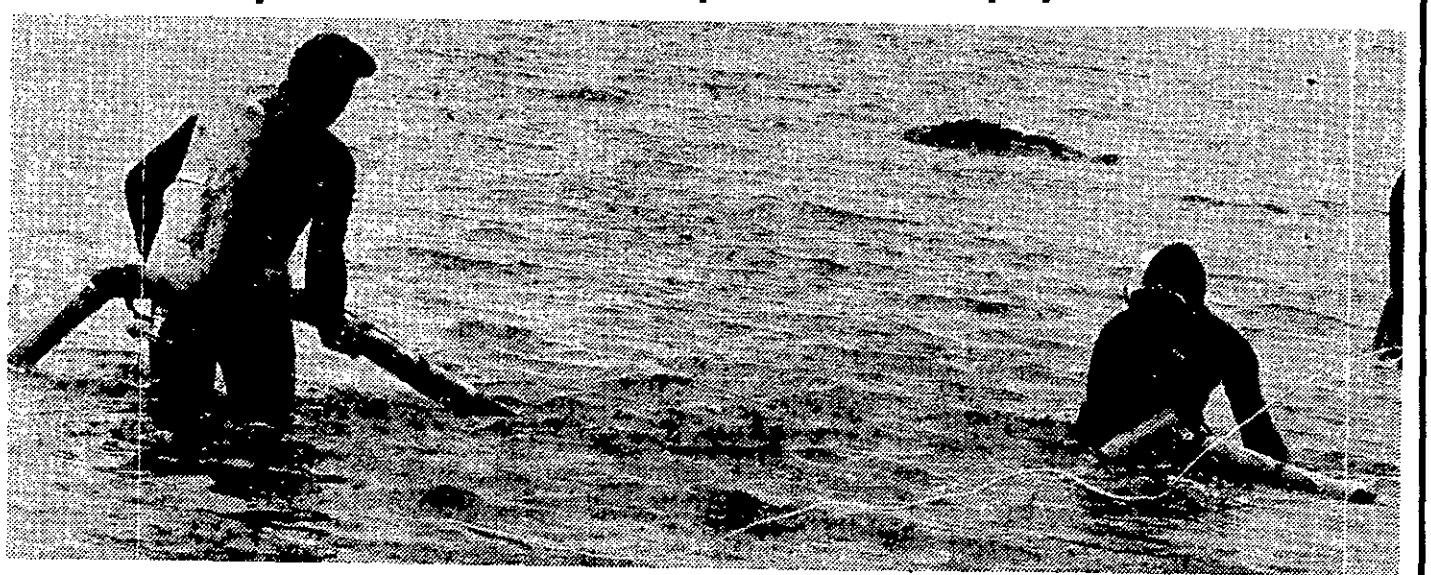

The bureau should have a full-time paid staff.

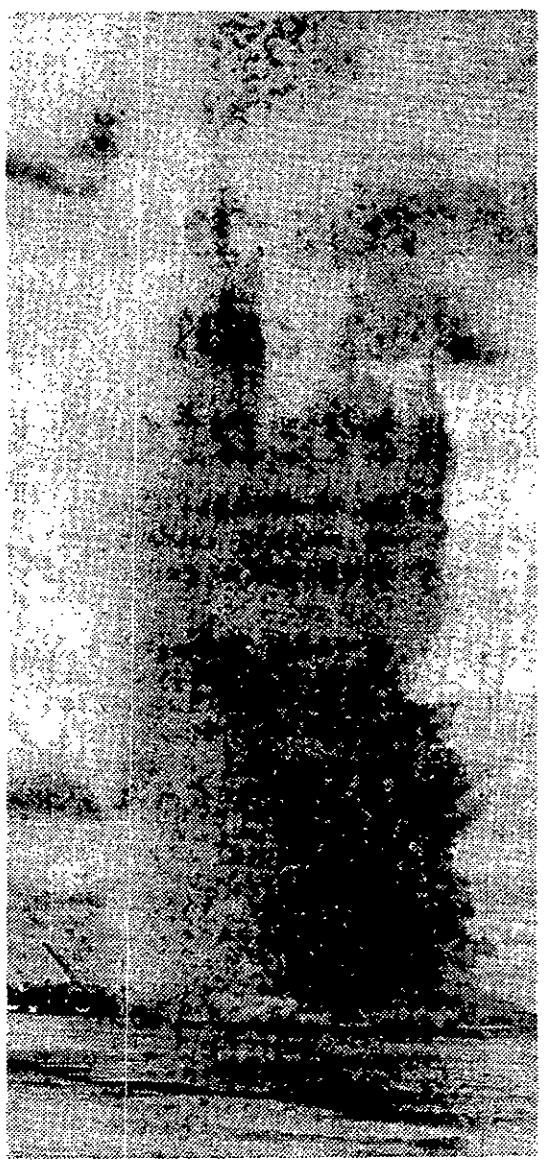

"But if we decide that 300,000 people cannot afford the required money to set up the bureau, we should forget all our brave words and not try to answer the people who regard us as peasants, the politicians who ignore us and the planners who think our needs are well down the queue," Mr. Williams said.

Urban economist Dr. John Paterson said the future of the western suburbs was obscure.

The opening of the West Gate bridge and the availability of cheap land could lead to a faster growth rate for the first time in more than 70 years.

Explosions claw path for pipeline

Divers (top) lay explosives at the edge of a basalt embankment off Altona to clear away rock hindering work on Esso's controversial bay pipeline.

The three explosions used a couple of thousand pounds of gelignite. It looked spectacular with towers of spray shooting 300 feet in the air (above).

An Esso spokesman said preparations for the explosion had taken a week.

The basalt embankment was the only obstacle the company had encountered across the bay.

CITY FIGHTS POLLUTION SAYS GRANT

Altona Council's environment portfolio holder, Cr. Doug Grant, has issued a challenge to ratepayers who have criticised the council over recent pollution in Altona West.

"I understand that at the recent public protest meeting which took place outside the Homestead, the day after students from Altona High School were sent home early, the statement was made that Altona Council has done nothing about pollution," he said at the recent meeting of council.

"I challenge that person to back up that statement," said Cr. Grant. "This council has done a lot in pollution matters during the past four or five years.

"For a start we pressured the SEC and got rid of the Paisley briquette depot.

"Furthermore we have pressured the Board of Works to inspect our drains and foreshore following the claim that the whole area would be sewered by 1969.

"I am opposed to sewerage going into the Bay and through this council, improvements are being made all the time. I can produce facts to show what this council has done to abate pollution of all types.'

Cr. Grant continued: "This council was the only one in the western suburbs which criticised the proposed industrial liquid trade waste depot which is planned to be built at Brooklyn.

"I could go on and on," said Cr. Grant, "but I'll be quiet now and the challenge will stand."

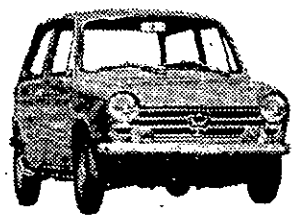

Cr. Grant, an industrial chemist, makes fortnightly reports on pollution complaints to Altona Council and these complaints are investigated by council's health inspectors.

Recently the most common complaints have been noise from minibikes and noisy exhausts on cars.

The protest meeting referred to by Cr. Grant took place in Queen Street last Saturday week, the day after Altona High School students had been sent home early because of discomfort caused by air pollution.

● *A reception was held at Goldenreagh, Sunshine, to celebrate the wedding of Mr. and Mrs. Iljac Aljitovic. The young couple were married at St. Eanswythe's Church of England, Altona. The bride, formerly Miss Joan Lorraine Lalor, is the eldest daughter of Mr. and Mrs. P. R. Lalor, of Kookaburra Street, Altona. Iljac is the second son of Mr. and Mrs. I. Aljitovic, of Hansen St., East Altona. The bride was attended by her sister, Mrs. Denise Burnett, and Mrs. Jennifer Popovic. Best man was Mr. Mike Popovic and Mr. Alex Aljitovic was groomsman. Picture by Mudford Studios, Sunshine.*

Engineer hits at conservationists

Some 8000 people would be debarred from going to the foreshore if Altona Council is not permitted to use 21 acres of land west of Truganina Reserve as tip site.

This is the view of Altona's city engineer, Mr. Ralph Simmons.

Addressing a recent meeting of Altona council, Mr. Simmons hit out at corservationists who are trying to prevent council developing the area, by using it as a tip site.

"Cheethams," the salt people, have something from two to six miles of the foreshore west of Truganina Reserve, and all we are talking about is a frontage of about 700 feet," said Mr. Simmons.

"Surely to goodness these conservationists must have some common sense".

Mr. Simmons advised that council would be meeting conservationists to discuss the project, as the existing tip was due to close.

They would like to see council develop the 21 acres west of Truganina Reserve for use by residents from the rapidly developing Altona Meadows area.

Altona North is the top school

Students from Altona North High School continue to excell in the world of sport. Recently, the school gained four first placings in the annual All-High School Sports.

This is believed to be the highest tally gained by any of the 120 high schools which had competitors in the 60 events, on Saturday, October 21.

Best individual performance on the day by any of the competitors at hte sports was recorded by Altona North's Manfred Rockhamper, who won the open javelin event with a record-shattering throw of 211 feet.

The next best throw was 160 feet. Manfred is currently Australia's junior javelin champion.

Other Altona North students who fared well were Jenny Davidson, who won the open long jump with a jump of 4.50 metres, and the open high jump, with a leap of four feet 10 inches.

And Vera Lotyz, who won the unde4 17 high jump, bettered Jenny's leap by half an inch.

Altona North High School principal Mr. R. Roberts was at the All-High School Sports in his capacity as president of the Metropolitan High School Sports Association.

Thirty other students from Altona North High acted as officials at the sports.

Marching winners

Winners of the Midget Championships at Springvale were the Altona Amethysts Marching Girls.

Leanne White, who led the Amethysts for the first time, won the "best leader" and the team won the perpetual aggregate trophy.

The march was the first of the season and although still in "B" grade, the team has beaten all "A" grade teams.

Basketball courts 'needed in west'

● *Brian Verle*

There would be more basketball players in the western suburbs if the area had a basketball stadium according to Brian Kerle, who represented Australia in the Olympics at Munich this year.

Kerle, who is 6 ft. 7 in., plays with St. Kilda Business Houses in Melbourne.

He lives in McIntyre Drive, Altona, and is a joint partner in the auto servicing firm of B. and A. Wheel Aligners in Johnston Street, Newport.

America should have won the Olympic basketball title in Munich, Kerle told the Altona Lions Club.

"I saw the game and the replay. Technically, America won the game," he said.

He said that in the last three seconds of play, an American player was given two free shots for a foul.

His second shot put America one up.

However, Russia was given "time-out" after the second shot.

"Technically," said Kerle, "the Russian coach could have had time out after the first shot — but not after the second."

They stopped play with one second to play, the ball was thrown down to a 7 ft. Russian and he put it in the basket," he said.

Kerle commented that German efficiency fell down a little.

"My personal opinion is that on the play Russia deserved to win the title. They played the better basketball," he added.

Visitors to Munich found the German people really turned it on for them. There was even a mini-golf course and a discotheque in the village.

"For an Australian it was hard to believe such things happen," he said of the Arab trouble.

A man with a machine gun stood outside their door.

"Up until then the Games were a fantastic spectacle," he said.

"Personally, I wanted to go home and so did the majority, I believe."

The Australian team won their games against Japan, Brazil, West Germany, Poland and Egypt.

Brian Kerle said that Australia led America for the first 15 minutes of play. No other team in Munich did that except the Russians.

Northerners remain undefeated

Altona North Cricket Club — all teams — remain undefeated after last weekend's round of matches.

The 1st XI visited Spotswood and, batting first, declared at 7/199. Spotswood were all out for 98 and were forced to follow-on. They were 4/76 at stumps.

Best batting performances came from R. Glassner (58), S. Coffey (53 n.o.), S. Hatt (27), and P. Costello (17). Bowlers to perform well on a lifeless pitch were: A. Perussich (3/22), K. Miller (1/18).

Second innings (Spotswood). — John Coffey (3/28). The 1st XI has 16 points out of a possible 20.

SECONDS

Home to Spotswood, batting first, the 2nd XI declared at 8/215. Top scorer was G. McGorlick (75) aided by K. Buchanan (58) and the Outen boys Max (40) and Keith (17).

Spotswood were dismissed for 61. Bowling: D. Price (4/14). A. Oliphant 4/25). Spotswood followed on and were all out for 113. A. Oliphant (3/5) and R. Buchanan (3/28) and D. Price (2/21). The 2nd XI has 16 points out of a possible 20.

THIRDS

The 3rd XI played home to Gellibrand and were all out for 133 in reply to Gellibrand's 75. Batting: H. Mason (62 n.o.) M. McDonald (31). Bowling: P. Hateley (4/26), P. Carroll (6/38).

Gellibrand were dismissed for 81 in the second innings. Bowling: P. Carroll (3/22), P. Hateley (2/45). M. McDonald (4/11). An opening partnership of 19 gave the match to Altona, an outright win. The 3rd XI has 16 points out of a possible 20.

UNDER 16

The Under-16 Juniors defeated Williamstown Baseballers. 1st innings — Baseballers 36. H. Hart (5/11). including hat trick. North 4/62 dec. R. Cassar (23 n.o.), K. Parkhill (19). 2nd innings — Baseballers 15. V. Castelli (6/4). Hart (3/6).

The Juniors have 20 points — the maximum.

Dogs attack

Two large dogs attacked a woman cyclist at Altona on Friday.

Mrs. Lamb of Tain Court, Altona, was attacked in Railway Street and bitten on both legs.

She told the Star a woman was walking with the two dogs but was powerless to keep the dogs away from her bicycle.

Mrs. Lamb required a tetanus injection.

The matter was reported to the Altona police.

Val's Column

Hello Girls,

Do you realise what happens when you are coloring your hair? Depending on what type you are using right now — all hair colorings, regardless of what their manufacturers may call them, fall into these basic classifications.

Temporary color, or water rinses, are usually incorporated in conditioners, shampoos, styling lotions or drop form. They are used to freshen or highlight the color, or tone down brassiness. They merely put an outside coating of color on the hair shaft (cuticle) of the hair. Your next shampoo will rinse off this color.

Semi-permanent rinses like temporary rinses, highlight, enhance, help blend. They cling to the outer layer, sneak in around the edges of the cuticle. They gradually wash out, fade out over a few shampoos. Some permanent rinses will not change the basic color. The maximum coverage on grey hair is 20 per cent. to 30 per cent.

Mid Lighteners. Perhaps years ago you tried a little peroxide in the rinse water to lighten up your hair a little? (This is very drying to the hair.) Now you can achieve the same effect with a proteined mild lightener. They lift out just a small amount of pigment to leave your hair slightly lighter, usually a bit warmer in color. This treated area is permanently lightened. Dyes on permanent tints. These require mixing as one bottle contains the developer which softens and opens the cuticle to allow the colorant to work on the inner cells. After mixing the action is only effective for up to one hour so throw away any unused. The colorant can darken hair to any shade or lighten any amount. As it says — its permanent made easy to apply nowadays in shampoo on form. Bleaches — lighteners or prelighteners — lift out color to give a paler shade, slightly or just off white, depending on your basic hair color, the strength of your bleach — your hair resistance and the time you leave it on the hair.

To obtain a more natural color usually we use a toner after bleaching. These gradually wash, fade out or need renewing after your retouch. We carry a full range of hair products and can advise you on your hair problem.

FUMES REPORT 'INACCURATE'

—Petrochem. claim

Fumes from Altona Petrochemical Company Ltd's plant recently had "only a very slight effect in the vicinity of the plant," it has been claimed.

"As a result of a minor operational mishap, some odor of a gasoline type escaped to the atmosphere the morning of October 19," the company's general manager, Mr. D. E. McMillen has claimed.

Mr. McMillen was commenting on complaints published in the **Star** last week, of fumes forcing Altona High School to close.

He said the reports presented "a highly inaccurate account" of the incident.

The escape of fumes was "of a localised nature," Mr. McMillen said.

"Independent checks in the area by the company's environmental officer and members of the staff revealed only a very slight effect in the vicinity of the plant."

● ONLY TWO COMPLAINTS

Mr. McMillen said it was significant that except for the high school, only one complaint had been received by the health inspector.

He said the facts were:

● The wide range of symptoms listed was completely inconsistent with any vapors that could have escaped from the plant on October 19.

● The odors are reported as having occurred during most of the day. If any odors were apparent during the morning we doubt that they could have come from our plant, as the wind was then in the wrong direction.

● It had also come to the company's notice that a number of people in the vicinity of the school at the time detected no smell during the day and some of the children who were sent home from school did not know why the school closed 20 minutes early.

● **The coincidence of the photographer's presence at the school just at the time of dismissal and the gesture of the student coming from the doorway suggests strongly that the picture has been specially posed or at least pre-arranged.**

"These factors combined with failure to contact the company for its comments cast doubt on the objectivity of the article," Mr. McMillen said.

● GIVEN FULL CO-OPERATION

The company had given full co-operation to all the relevant authorities during their investigations.

Nothing that conflicts with the company's finding had been brought to its notice.

Commenting on reports in the article regarding a health hazard from the fumes, Mr. McMillen said a check of the company's medical records had shown no employee of the company had ever been affected by atmospheric emissions from the plant.

"In addition, this company participates in a continuing programme with other affiliated companies to ensure that no health hazard exists as a result of its operations to employees and the community," he added.

YOUR RATES AT WORK

Altona City Engineer, Mr. Ralph Simmons made the following report on council contracts to the last meeting of Altona Council.

● **FORESHORE:** Cleaning of debris on the beach is in progress. Sand, dredged from the mouth of Truganina Outlet Channel by the Melbourne & Metropolitan Board of Works, is about to be spread along the beach front.

● **ALTONA YOUTH CLUB BUILDING:** Extensions of the Youth Club Building for use by St. John Ambulance Brigade were completed except for the fitting of a sink cabinet.

● **H. C. KIM RESERVE:** Top dressing and levelling of the eastern soccer field is in progress.

To prevent cars gaining access to the areas immediately adjacent to the playing fields, a gate was provided at the end of Denbigh Street and a post and rail fence between the playing area and the car park area was erected by the soccer club.

● **KORORROIT CREEK ROAD — DUPLICATION:** Extension of the existing four-cell 48" x 24" box culverts under Kororoit Creek Road on the eastern side of Cherry Creek was completed.

The base on which 48" x 24" box culverts will be laid to extend the existing four-cell culverts under Kororoit Creek Road on the western side of Cherry Creek was completed and culvert sections are being installed.

A 48" x 36" box culvert, extending across the proposed southern roadway of Kororoit Creek and located between the four-cell culverts, was completed.

Drainage pits at the intersection of Kororoit Creek Road and Grieve Parade were constructed.

● **ALTONA MEADOWS SUBDIVISION — STAGE 2 P.S. SCHEME 103.**

The laying of underground drains along the west sides of Nicholson Street and Orville Street between Queen Street and Balaclava Avenue was completed.

Drainage works in Powlett Street are in progress.

● **ALTONA MEADOWS SUBDIVISION — STAGE 2 — P.S. SCHEME 104:.**

Kerb and channelling was completed in Nicholson and Orville streets.

Spreading of cement stabilised fine crushed rock to form the base of future concrete paths is nearing completion. Levelling of nature strips is in progress.

Xi Mu chapter art show

A record number of exhibits contributed to the success of the Beta Sigma & Phi Xi Mu Chapter's 6th annual art show.

Proceeds will aid the Melbourne Ladies Welfare Society and the Little David Spastic Centre at Yarraville.

The chapter would like to thank Altona Council, the National Bank and the Royal Arcade for their assistance in staging the exhibition.

Two members of Xi Mu and four members from the Epsilon Chapter travelled to Adelaide for the Beta Sigma third annual convention recently.

Held in the Hotel Australia, the convention was attended by 110 members from Melbourne and 200 from Adeliade, Canberra and Sydney.

Pioneers married 50 years

Altona residents, Mr. and Mrs. Albert Stuber, of Civic Parade, celebrated their golden wedding anniversary last week with 70 friends and relatives.

Mr. and Mrs. Stuber were married on October 27, 1922, by Rev. J. H. Goble, at Footscray.

Their house was one of the first build at Altona.

"There was nothing here," said Mr. Stuber. "No trains, no water, only berry bushes and sand dunes."

A former maintenance supervisor with ICI in the explosives section at Deer Park, Mr. Stuber has nothing but praise for the "wonderful Altona Council and the engineering department."

Mr. Stuber's first job was with the coal mine at Altona.

Now both are aged 68½ and have no wish to live anywhere but Altona. "We settled here with only 18 quid. I built the house myself and we've been able to watch Altona grow over the past fifty years," commented Mr. Stuber.

"It's really moved ahead now that it's been severed from Werribee. The streets, parks, etc are terrific compared to some other cities. And now Altona's being sewered, the place will be sure to go ahead."

Mr. and Mrs. Stuber have a daughter, Mrs. Eva Bright, two grand daughters and three great grand children.

The anniversary cake was made by one of the grand daughters, Mrs. Coral Marhold of Williamstown. Their other grand daughter is in New South Wales and was unable to attend the celebrations.

KEEN COMPETITION FOR DULUX RALLY

Serious attacks on the all conquering Holden Dealer Team will make the International Dulux Rally a real cliff hanger from the start in Brisbane, on Thursday, November 9, to the finish in Melbourne just nine days later.

Last year's Dulux winner, Colin Bond, is an all rounder as far as both rallying and racing are concerned. Driving his Holden Dealer Team Torana XU-1, he will be a marked man from the word go.

A second Holden Dealer Team Torana XU-1 is driven by Bathurst 500 winner, Peter Brock, accompanied by star rally driver, Frank Kilfoyle. This formidable pair of entries would be enough to daunt even the stoutest of hearts, but motor sport thrives on "having a go" without worrying about the odds.

A German Porsche 911S model will also be threatening the local makes. This is the ex-Alan Hamilton racing Porsche, to be driven by double Gold Star Champion, Kevin Bartlett, and navigated by Andrew Chapman.

Having run so well in the International Southern Cross Rally a few weeks ago, Nissan Australia is entering a pair of cars in an attempt to beat the Toranas.

One of these, a mighty Datsun 240Z coupe, is to be driven by East Africa Safari winner, Edgar Herrmann, and co-driven by Roger Bonhomme.

The second Datsun is one of the latest 160B models for Datsun Racing Team boss, John Roxburgh. John will be accompanied by Mike Mitchell.

Numerous privately owned Holdens are also entered.

Perhaps the most likely cars to do well are those entered by Adelaide's 5AD/City State Racing Team and Peter Janson.

The former will be driven by Stewart McLeod and Adrian Mortimer and the latter by Janson, accompanied by Sean Moylan.

By far the most popular Ford for both racing and rallying is the little Twin Cam Escort. Almost as fast as the 3-litre Torana, this little 1600 cc car will be driven by Bob Holden (with John Dawson-Damer).

Evan Green with Southern Cross Rally winner, John Bryson and the all girl team of Sue Ransom and Christine Cole will drive them too.

Yet another Twin Cam Escort will be in the very fast care of Bruce Hodgson, one of Australia's top rallycross stars.

Thrilling wind-up for sedan series

For the final round of the Manufacturers' Championship at Surfers' Paradise on Sinday, November 5, Holden and Ford take the start line tied on 57 points each. So, despite all the thousands of miles raced during the season, the final race is the all important one.

At Phillip Island on October 22, a near perfect performance by Ford driver Allan Moffat and the failure of an ignition safety device worth a few cents cost Holden dealer team driver Peter Brock his winning chance, for, at that stage, the Holden team was one point ahead.

When Brock pulled in for his pit stop, the Torana went up on the jack for a tyre change and down again and the petrol was in for a stopped time of 1 m. 15 sec., rather better than Moffat's stop earlier.

But when Brock turned the ignition the starter would not fire. The HDT crew scrambled around and found the fusible link, which is designed to cut out the electrical system before it gets hot enough to catch fire, had packed up.

The diagnosis and cure cost another minute and when Brock re-started he was 60.3 sec. behind Moffat.

Even so, the Torana cut the gap between itself and the Ford down to 26.1 sec. by the chequered flag. Moffat was first, Brock second and they lapped the entire field and ran every lap but the first quicker than last year's fastest time for the 4.73 kilometre track.

Fourth home was Melbourne Holden dealer Graeme Blanchard, in his privately entered Torana XU-1. Then came Sydney's Colin Bond in the other HDT Torana.

So the championship is now between Ford and Holden and both cars and drivers look to have nothing between them on speed for Surfers'.

But speed is not everything on the 260-mile ring on this track. Three of the classic variables in distant racing — pit stops, tyres, and weather — could easily be the deciders when cars and drivers are trying to match each other. The pit stops were critical at Phillip Island.

If Surfers' is wet, the Torana will have slight advantage because they are light and handy. But, if it is dry, that won't help either of them or the Falcons, because the track has a very abrasive surface.

At the Island the Fords seem to have overcome the tyre wear problem, although Fred Gibson had two punctures. But will the sharp Surfers' surface set them back again?

The Toranas have never had any real tyre problems but at Surfers' this time they will be going very much faster than before.

Perhaps the records hold the most reliable pointer. Before Phillip Island, Moffat had not had a major production race victory since the 1971 Bathrust Race (where he failed again this year) mainly because of tyre troubles.

Battle for Vic. title

Coming hard on the heels of last weekend's extremely successful motor race meeting at Sandown comes another exciting motor sport event organised by the Light Car Club of Australia — the final round the 1972 Australian Hill climb championships, at the Lakeland Hillclimb circuit, near Lilydale next weekend.

The meeting will be highlighted by a three-State battle, for three drivers have an equal chance of taking the coveted title — each from a different State.

However, Victorian hill climb enthusiasts are confident that the champion will be a Victorian, as has been the case for the past few years.

Paul England carries Victoria's hopes in his highly complex Ausca VW4 WD, a car built specially for hillclimbing, and fitted with two supercharged VW motors.

England is equal first in the championship points at this stage, with New South Welshman Murray Bingham in the PAC4 Bingham Corba on 35 points. Closely following these two is Stan Keen from South Australia, in the big Elfin Ford Formula 5000.

The cars of Bingham and Keen bring the total of Formula 5000 racing cars entered for the hillclimb to six, with the possibility of another two.

These being the Ansett team Elfin cars which last weekend contested the final round of the Gold Star Championship at Warwick Farm in NSW.

The two big orange cars will then boost the total to eight Formula 5000 racing cars — a better entry list than can be boasted by many circuits.

Goodyear to celebrate its 45th year

Goodyear, Australia's largest rubber and tyre company, and a subsidiary of the world's largest rubber company, this week celebrates its 45th year of production in this country.

The managing director of Goodyear Australia, Mr. John P. Miles, said the company had produced 38 million tyres of all kinds and sizes at its plant in that time, as well as thousands of miles of conveyer belting and industrial hose.

The factory was officially opened by the then Governor of NSW, on October 27, 1927, and was the first Goodyear factory built outside North America.

However, Goodyear had been operating in Australia since 1915, when its first sales office was set up in a the Hotel Australia. Thirty-five nationalities are included among the 2000 workers at the Granville plant.

Mr. Miles recalled that only a month after the factory was started, it was flooded by 17 inches of rain, that fell in five days.

It had hardly dried out when it was burnt down but was rapidly re-built and was soon in full production to become the largest tyre facility in Australia.

A second factory built at Thomastown in Victoria some five years ago, is one of the most modern in he the world.

LOWTHER HALL
CHURCH OF ENGLAND GIRLS' GRAMMAR SCHOOL
Leslie Road, Essendon.

Lowther Hall C.E.G.G.S. offers continuity and stability of education for girls right through from prep. to higher school certificate. Under highly qualified and experienced staff.

CLARKE MAY MISS JUVENTUS-GEORGE CROSS CUP FINAL

By LAURIE SCHWAB

George Cross may be without giant striker Tom Clarke when it meets Juventus in the Dockerty Cup final replay at Olympic Park on Sunday at 3 p.m.

Clarke pulled a thigh muscle during last Sunday's final, which ended in a scoreless draw due to the great goalkeeping performance of Juventus' Mike Harby.

Clarke will visit a physiotherapist today (Wednesday) but club officials are not optimistic about his playing chances.

If the injury forces him onto the sidelines, **John Gardiner** will probably play in attack and **Tom Fox** would move into midfield.

The vacant full back position would then be filled by **Alex McConville.**

Sunday's cup replay will be the last competition match of the longest soccer season on record.

If there is no winner after extra time, a series of penalty kicks will be used to break the tie.

This has beee necessary only once this year, in the match between Footscray J.U.S.T and Hellas, which J.U.S.T. won 4-2 after penalties.

Sunday's replay will be eighth of the 1972 Cup series.

It will be Juventus' seventh Cup match and George Cross' sixth.

Cup holder Juventus has won the trophy three times, in 1960, 1970, and 1971.

George Cross won it in 1959 and 1962, but will bring its total to three by de-throning Juventus at Olympic Park on Sunday.

With **Norm Maitland** and **John Sanchez** having formed an effective combination in defence, the rearguard has improved dramatically.

These two, as well as **Derek Ricks** and goalkeeper **Lou Ivanoff** are making supporters forget the days when the George Cross defence was practically a laughing stock.

Juventus does not have enough striking power to overcome this hurdle.

Dino DeMarchi has been playing extremely well during past weeks, as has **Hammy McMeechan** but they can't do all the work by themselves.

The young **Lucchesi** brothers have lots of promise and can be dangerous if give the opportunity.

However, they do not yet have the experience to escape the clutches of defenders who refuse to give them an inch.

In midfield, George Cross will win hands down.

Kevin Walker, supported by **Kevin Kelly** and **Tom Fox** who would take over for **Gardiner** if the Rothmans Medallist plays in attack — will be too good for the Juventus midfield, whose only ace is **McMeechan.**

Juventus will depend on coach **Bobby Thomson,** who is playing brilliantly, to keep the aggressive George Cross players at bay.

But even the experienced **Thomson** will be in trouble on Sunday.

Kevin Walker has, during past matches, set up perfect scoring chances for his forwards who have failed to capitalise on them.

If Walker has **Gardiner** playing as striker, these chances will not be wasted for there is no deadlier marksman than **Gardiner.**

Left winger **Dario Epifano** has also been playing well and he has the ability to tie full back **Morris Bonfieni** into knots.

On the other side there is newcomer **Philip Cutajar,** who scored a spectacular goal against Sunshine in the semi final replay.

This fellow might be inexperienced but he can sure cause havoc in the opposition defence.

All signs point to a relatively easy George Cross victory, but then the 1972 season hasn't had much to do with logic.

Likely teams for the Dockerty Cup final:

GEORGE CROSS:

Ivanoff
Ricks, Maitland, Sanchez, McConville
Kelly, Walker, Fox
Cutajar, Gardiner, Epifano

JUVENTUS:

J. Lucchesi, DeMarchi, C. Lucchesi
Crombi, McMeechan, Sabidussi
Tarquinio, Thomson, Dello, Rocca, Bonfieni

Buljevic tops

Footscray J.U.S.T. star Branko Buljevic returned triumphant on Monday from the Australian team's seven-match tour of Asia.

The elegant striker scored five of the 19 goals for the undefeated Australians, to become the top marksman of the tour.

In appreciation of the feat, he received a trophy in Sydney from the sponsors of Australia's World Cup bid.

Buljevic's brilliant displays have made him a certainty for the World Cup squad which will begin its campaign against **Indonesia, New Zealand** and **Iraq** in Sydney next year.

The other three Victorians in the squad — **Jimmy Mackay** of Croatia. **Jack Reilly** of Hakoah and **Jim Armstrong** of Hellas are also certainties for the national squad.

Captain **Peter Wilson** of Sydney club Marconi received a trophy for being the best player on tour, just ahead of St. George Budapest "iron man" **Manfred Schaefer.**

Australia's tour record was: 4-1 v. Indonesia, 3-1 v. New Zealand, 2-0 v. Saigon 1-0 v. South Vietnam, 1-1 and 2-0 v. South Korea and 6-0 v. the Philippines.

Australia's goal scorers were: 6 Buljevic; 3 Ray Baartz; 2 Max Tolson, Atilla Abonyi, Johnny Warren; 1 Jim Armstrong, Terry Butler, Dragoljub Utjesenovic, Ray Richards.

FIFA coach **Dettmar Cramer** was quoted in a German soccer magazine last week, predicting that Australia would reach the World Cup finals in Munich in 1974.

He said Australia's rugged style and the stronger physique of the players would make them hard for the smaller Asian teams to handle.

This is true, but Cramer apparently overlooked Israel and Iran, which are both just as tough as Australia.

Our national team is almost certain to play one of these countries before qualifying for the final, so it will have to be provided with a lot of action during 1973.

Vojtek, Mackay to meet Pele

Billy Vojtek and Jimmy Mackay are definitely in the Victorian squad preparing for its match against Pele's team Santos on January 19.

Vojtek and Mackay, of disquantified club Croatia, had been left off the official training list released by the Victorian Soccer Federation.

However, team manager **Bill Curran** told me last Sunday that both players will definitely be in the team.

And so they should be. Victimisation of the club is bad enough without starting on the players as well.

SANDOWN — THURSDAY.

Race 1: Low Glider 1, Beau Ville 2, Krypto Moss 3.

Race 2: O'Lary 1, Diamond Record 2, Pedek 3.

Olympic Park greyhound racing, Cup Eve, will be an "All New Zealand' night.

Special guests of the club will include jockeys, trainers and owners from NZ, and all races will be named in honor of their visit.

Health inspector praised

Altona council has received with regret the resignation of chief health inspector, Mr. John Mellors.

Mr. Mellors resigned recently after 15 years with Altona council, he transferred to Altona from Werribee council when Altona was severed from Werribee in 1957.

Councillors were full of praise for Mr. Mellors at the recent council meeting.

Cr. Doug Grant who holds council's environment portfolio has worked closely with Mr. Mellors in recent year. He said: "I think all councillors are aware that it is due of me to say that Mr. Mellors has given the city of Altona wonderful service.

"In his time with us, he has varied that service over a wide range of health matters.

"It would appear that he is adamant about going, as he is also qualified for a town planning position. I wish him the best in his new job."

The remarks by Cr. Grant were endorsed by Cr. Les Crofts, who moved that council send Mr. Mellors a letter of thanks in addition to a letter of service for the work he has carried out in Altona.

VACC gives gifts

A new gift idea was announced yesterday by the Victorian Automobile Chamber of Commerce — the VACC gift voucher.

Five hundred thousand $1 vouchers are available from the Chamber's 5000 retail motor trade members throughout Victoria from today.

They can be purchased at face value and given to motorists as Christmas or birthday presents. In announcing the new scheme, the executive vice-president of the VACC, Mr. Athol H. Kelly said: "We believe VACC Gift Vouchers will greatly simplify the giving of gifts to motorists.

"Instead of worrying about what to buy friends and relatives for Christmas or other special occasions, the public can give these vouchers."

"Vouchers can be redeemed for petrol, car accessories, tyres, vehicle service, spare parts — anything sold by our membership."

Mr. Kelly added: "VACC Gift Vouchers also perform useful secondary functions — they could be saved up by a motorist to pay for more expensive items such as a set of tyres.

Vouchers are only available in $1 denomination at this stage.

Fined for error of judgment

A motorist turned across the path of a motorcyclist to do a right-hand turn, Williamstown Court was told last Thursday.

David Guise of Williamstown told the court he swerved but could not avoid colliding with the car driven by V. Bisimoski.

Bisimoski pleaded guilty to a charge of having failed to give way to the right.

Guise told the court he was riding his motorcycle in Douglas Parade at 7.25 a.m. on April 26.

As he approached the Board of Works pumping station he saw a car coming towards him on the other side of the road.

It turned right across his path in to the entrance of the pumping station.

He swerved but struck it on the rear left-hand side.

Guise added that he thought he had been thrown over the car.

Cross-examined by defence counsel for Bisimoski, Guise said he did not see a turning indicator flashing on the car.

Constable Robert Towers said he was called to the scene of the accident at 8.20 the same morning.

Guise was suffering from lacerations and shock, and his motorcycle was extensively damaged.

Constable Towers said Bisimoski told him he turned because the cycle was a long way away, and he thought he would have time to complete his turn before it reached him.

He said Bisimoski had frankly admitted the accident and there was no reason to doubt that he had not had the turning indicator on.

Bisimoski's lawyer in a plea to the court, said Bisimoski was employed as a driver for the Board of Works.

His licence was endorsed so he could drive heavy vehicles.

He said driving was the only skill Bisimoski had, and he would probably lose is job if he lost is licence.

The lawyer added that Bisimoski was 27 years' old and was to be married soon.

He submitted that Bisimoski was not guilty of an outrageous driving fault but of an error of judgment.

Mr. H. Boarder, SM, in convicting Bisimoski said he accepted the plea of judgment error, and fined Bisimoski $30 with $5.50 costs. He gave him a stay of 14 days to pay.

He's now Number One

Barry Taylor, of Williamstown, received the Footscray Sport's Depot Trophy for A grade table tennis champion presented by Don Henderson, at the annual presentation night, held in the Central Hotel, North Altona, on September 17.

Barry was runner-up three years in succession to teammate, Steve Slattery. Steve and Barry won the double's championship and Williamstown Colts were premiers in the winter pennant.

Lindsay Loone, also Williamstown Colts, won the Robert Fleming Trophy for Best and Fairest player for two seasons.

BIRTHS

ELDRIDGE. — Mr. and Mrs. A. R. Eldridge have great joy announcing the arrival of their eighth grandchild (Lara Ann), beautiful daughter to Robyn and Paul and sister for darling Gavin Misha.

ZAEGA (Korf).—To Sandy and Paul on October 28, a son (Jaak Jason). Both well.

THANKS

TRICKEY. — Charles and family would like to express their THANKS to the many friends who sent floral tributes and messages of sympathy in their recent sad bereavement. As these were too many to answer personally. Please accept this as our grateful thanks.

DEATHS

DOIG — On October 25, suddenly at his home, 19 Hosking Street, North Williamstown, JOHN FRANCIS, dearly loved husband of Dorothy, loved father of Stuart and Ian, fond father-in-law of Dianne and Alice, loving grandpa of Suzanne Maree. Age 66, sleeping peacefully, R.I.P.

HARDING — On October 21, at KULKI Private Hospital. Flora Christina, loved mother of Donald (dec.), Shirley (Mrs. Erskine), loved mother-in-law of Ken, Betty, Alan, loved grandma of Bruce, Inez, Joy, Brian, Robert, Bryce, Stuart and Robyn. Loved great grandma of Jackson, Elise, Cassandra, Andrew, Jason and Dean.

— Loving memories always.

DEATHS

DOIG — On October 25, suddenly at his home, 19 Hosking Street, North Williamstown, JOHN FRANCIS, loved only son of the late John and Mary Ann Doig, loved brother of Eileen (Mrs. Jones), Christina (dec.), Nora, Marjorie (Sr. M. Philippine RSM), Kathleen (Mrs. O'Brien) and Nell (Mrs. Williamson). Loved stepbrother of William, Annie (Mrs. Saltau dec.) and Bessie (Mrs. Ryan). Age 66. Rest in Peace.

IN MEMORIAM

CROUGHAN, Herbert Joseph. — Passed away 26.10.71. Beloved husband of Ethel, loving father of Alan, Herb, Marge and Phil.

Rest in Peace.

IN MEMORIAM

CALLANDER — In loving memory of our brother Harry, passed away 31st October, 1963.

The time goes by another year.

Memories keep you always near.

— Jack, Gladys and family, Maisie and Gordon (Sydney).

JONES (Late of 8 Railway Place): In loving memory of my wife Edna, passed away October 27, 1970.

Memories last forever.

— Loving husband Alf.

LEWER. — In loving memory of our dear mother, sadly missed.

Adrienne, Edna, Jim, Ernest, Kevin, Raymond.

NORGATE. — Loving thoughts of Ralph, dearly loved son and brother, passed away 2.11.69, also John, wonderful husband and father, passed away 13.10.72. Treasured memories keep them near.

SELVIDGE, Micheal James. —

Without goodbye you went to sleep

Cherished memories are ours to keep.

— Your loving daughter Myrl and son-in-law Arch (Matthews), R.I.P.

SELVIDGE, Micheal James. — Beloved pop of Fay, Charlie and great grandpa of Cal and Dru.

— Sadly missed.

SELVIDGE, Micheal James. — Loved pop of Denise and great grandpop of Mark and Symon.

No longer with us, our lives to share,

But in our hearts you are always there.

SELVIDGE, Micheal James. — Loved pop of Garry.

In God's care.

SELVIDGE, Micheal James. — Loved pop of Marilyn and Ray.

If wishes were a staircase

And memories were a lane

We'd make our way to heaven

And bring you back again.

— R.I.P.

ZAPADLO, Gustav. — Loving memory of a wonderful husband passed away 31st October, 1971.

As I wander to your resting place,

Place flowers with loving care,

But no one knows the heartache

As I leave you there.

ZAPADLO, Gustav. — Passed away 31.10.71.

Those who have a father,

Love him while you may,

For we wish with all our heart,

Ours was here today.

— Zora, Tom, Gus & Maggie.

WILLIAMSTOWN IS CHANGING

The spirit of Williamstown is changing, according to Cr. David Linke, who recently addressed the Williamstown Apex Club.

Government Departments are attracted by the free land and industry is realising that land is cheap, well-located and well-serviced in Williamstown.

Large numbers of young families are moving to Williamstown because of the location and community spirit.

"There's nothing historic left to preserve in Williamstown" said Cr. Linke. "All the public buildings of note were pulled down long ago."

He would like to see the development of Shelly Beach as a picnic and recreation area, encouragement of the natural mangrove swamp at the mouth of Kororoit Creek and more tree-lined streets.

Facilities such as a marine museum, an indoor sports complex and more kindergartens were also high on his list.

He sees these as 'development projects as opposed to 'developments' such as the Newport power station, a big marina on The Strand or the naval barracks.

In reply to questions from Apex members, Cr. Linke said he would like to see more town houses or terrace buildings instead of the familiar blocks of flats.

The council's greatest problem he said, was inflation.

Boys win all sets

Central Tennis Club's Junior Boys' team excelled themselves last weekend, winning all sets to defeat St. Monica's by 16 games, 28-12.

And the junior girls, although losing to Diggers 28-19, fought gamely to the bitter end. AR 2, with a competent, evenly balanced team, defeated Spotswood by 10 games.

Teams for Saturday, November 4:

AR2 — B. Politi, T. Shaw, T. Paone, J. Newton, V. Strantzer, J. Rose.

BS2 — W. Hoole, N. Jeffkins, J. Bates, E. Bates, E. Hoole, L. Boyack.

Boys — Section 3 — V. Paone, J. Fewster, R. Telfer, D. Page.

Girls — Section 3 — F. Cutioni, J. Kane, A. Grieves, K. Taylor.

Wicket plans are concrete

Williamstown Council has given the Colts Cricket Club permission to install a half-length concrete practice wicket and batting cage at the Strand Reserve.

The installation must be supervised by the superintendent of Parks and Gardens, Mr. B. Heath.

Williamstown Council is undertaking a complete re-planning of the area.

ALTONA CRICKET

Under - 14 details are as follows:

Altona v St. Pauls, at Rush Reserve.

Altona 1st innings: P. Stevens r.o. 1, D. Mildenhall n.o. 59, A. Sheilds b, 13; M. Stewart b, 0; B. Ridge n.o. 25; extras 15; Total 3/113 (CC).

An army born in song

"Methodism was born in song" the preface to the Methodist Hymn Book says. And the same could surely apply also to the Williamstown Salvation Army corps.

A weekend of music and dedication — with a little light-hearted comic-type acts and a smattering of elocution — started with the corps' Sunday school anniversary on Saturday night.

Highlights of the evening were the music . . . and the compering of the concert, by Major and Mrs. Frank Liddell.

Major Lindell is a public relations officer with the Salvation army.

A small choir of about 20 voices, ranging from late teenage to very young children, turned on excellent unity singing with a delightfully 'young' sound.

A young pianist — about grade four age — handled well the playing of 'In a Persian Market.'

And a cornet-tenor horn duet by two young Salvationists hinted at top band music in a few years.

All-in-all it was an excellent little concert. The adult and near-adult people responsible for training the youngsters deserve praise indeed.

— JOHN DIXON.

WILLIAMSTOWN SEA SCOUTS

The fourth Williamstown Sea Scout group annual bazaar will be held in the Scout Hall on Friday evening, November 10, starting at 7 p.m. Donations of goods are still urgently needed to stock the stalls, also parents are invited to assist in operating the stalls on the Bazaar night.

Open day will be held the next day, Saturday, November 11, commencing at 2.15 p.m. All parents and friends are welcome to come along and view group activities and also inspect the buildings, equipment and improvements carried out during the year.

Gellibrand District Athletic Sports will now be held on Sunday, November 19 at the Carbon Black Sports Ground, Millers Road, Altona. Entry fee for adults and rovers is 10 cents, children and scouts, five cents and the programmes will be free! Group entries must be in the hands of the DA secretary by November 9.

The assistance of one male (non-scouter) is required from each group to act as a marshal and the ladies of each group are requested to provide cakes for sale at the cake stall. Would all mothers please assist in this way if possible? Make this a family outing and help cheer our participants in the events!

TEXT BOOKS FOR FIJI

Used text books are urgently needed for children up to 6th grade standard in Fiji.

Although our education methods necessitate the frequent change of text books, such is not the case in Fiji.

Good story books would also be appreciated.

For further enquiries phone Noel Wood on 398 2871.

Mr. Wood is also looking for clean linen sheeting to be used for bandages in Leper colonies.

Sunday next is 'Paper Day' and members of the Altona Lions Club will collect bundles of clean and tied paper from Altona householders.

Anyone not on the calling list should phone Altona 398 2746.

Christmas cakes are now for sale at $1.90 each. Proceeds will aid the Save Sight Appeal. For further information contact Norm Woodcock at 398 2534.

The latest local identity to become a 'Lion' is Mr. Brad Muller, manager of the Laverton Credit Union...

SITUATIONS VACANT
As one of Australia's largest employers, the Army can extend to young employment and career seekers a greater variety and choice of employment opportunities than any other single industry.
Current vacancies include — drivers, mechanics, clerks, storemen, musicians, fitters, draftsmen, cooks, radio and telegraph operators, medical assistants and stewards, as well as many specialized military trades, all carrying specialist pay levels.
The Army offers its members excellent employment conditions in terms of accommodation, job security and service benefits and provides complete training in each employment speciality on full pay. Minimum earnings on commencement of employment $49.21 per week plus all meals and accommodation. (Married $62.86 per week.)
If you are looking for your first job, or considering a change of employment to improve your present circumstances, take the opportunity to discuss Army employment prospects with your Army Careers and Employment Counsellor.

CAUGHT BY SURPRISE

Altona Bowling Club's A2 team playing at home went down to a surprisingly strong Rosanna, 87-104, on Saturday.

Sterling efforts from skipper T. Reid, I. Douglas, J. Stephens and C. McNeilege, 27-24, kept Altona within a respectable distance. P. Neilson, 24-25, S. Carton, 19-24, J. Fisher, 17-31.

Reserve 3, playing away to Aberfeldie, also felt the axe, going down 85-97. Skipper R. Douglas, N. Richardson, L. Parker and L. Hyde, 27-18, T. Burke, with L. Thornycroft, A. Stephens and R. Allen recorded a draw, 27-27. A. Turner 16-20 and W. Inglis 15-32.

B4, providing a ray of light on an otherwise gloomy afternoon, defeated Northcote, 92-87. Skipper A. Hill, N. Grant, H. Blair and A. Webster, 25-15. Skip, J. Carr, J. Clark, N. Cartwright and W. Baker, 29-20, M. Deegan, 24-26 and A. Burkett, 14-26.

Congratulations are extended to M. Deegan on his first round victory of the Veterans' Championship, at Newport last week.

Four firsts to Altona

Altona Cricket Club completed the second round with four first innings wins after magnificent displays of application and determination by both B and C grade teams, converting almost impossible situations into first innings leads.

A grade, resuming at 3/61, chasing Werribee's 95, saw Wayne Patton, David Hitchcock, and Jim Page all score 25 each. Colin Shaw got 23. Unfortunately, the Altona tail could not wag and from their overnight score were all out for 125.

Werribee, in its second innings, were content to see out time and at stumps were 6/150. Ken Stephenson was the most successful bowler in taking 4/30.

B grade, in trouble at 6/39, chasing MHSOB's 162, resumed with Andrew Wilson and Joe Grassby. This pair, with good batting were able to take the score to the 70 mark before Wilson went for 15. Grassby, batting well, was joined by Peter Carton and with tremendous determination and a little luck gradually got on top of the bowling to the extent that they added 86 for the eighth wicket.

Grassby went lbw for 39. Carton continued on his merry way to the extent of 71 not out when Altona's innings was closed at 8/173.

MHSOB, in an attempt to recover some prestige, went for runs in its second innings and declared at 108, giving Altona 97 runs to make in just under the hour.

A feature of the MHSOB second innings was the great catch taken by Neil Courtot.

Altona happy with first innings points, were content to see out time and at stumps were 1/38.

C grade were also in trouble at 5 for 39 after Seddon had compiled 108.

However, Frank Kirk, John Leigh and Rod Gray had different ideas and with intelligent batting steered the score to 7 for 111.

Unfortunately, Frank Kirk who top scored with 42 not out, injured himself in the process and was unable to field in Seddons Second innings.

Seddon started their second innings solidly and had added 32 before losing their first wicket. The Altona fielding was in direct contrast to the previous week and as a consequence a run out and three good catches by Gary and Jobson had Seddon struggling.

With just under an hour to play, Seddon were dismissed for 98; chief wicket taker was Graeme Hosken, with 6 for 33.

Altona, determined to have a go at the 96 runs required in 45 minutes opened with Evans and Hosken, both of whom went for everything and from the first 2 overs had 22 runs on the board.

After four overs, 40 runs had been scored for the loss of Evans. Hosken went at 45, Walgers at 56, Gray at 68 and with the final over to be bowled Altona required 14 runs to win.

Alan Sutton took 10 runs from the first 3 balls but unfortunately could not reach the remaining balls of the over and in an exciting finish Altona had to be content with first innings points.

Having already gained first innings points over Digman, Altona were anxious to press their advantage. But without the injured Bill Duncan were unable to do so. Altona, in its first innings were all out for 110. And Digman in its second at stumps were 8 for 138. John Harris, bowling well, took 5 for 46.

KOORINGAL GOLF

Results of recent competitions conducted by Kooringal Golf Club Associates are as follows:

October 24, Stroke, Medal: Mrs. P. Bell (26) 64 net, A Division Mrs. P. Bauld (11), 73 net, C Division, Mrs. J. Jolley (36) 68 net. Putting Mrs. J. Thomas, 28 putts.

AWMC LADIES

The club elimination rounds for the Helen Bridgford Shield resulted in a win for June Bruce, Mat Ware, Marj. Spence, skippered by Bessie Cameron. This team will represent the club in the first round of the 'Shield' draw at Ascot Vale on Thursday, November 2.

Next inter-club day is Thursday, November 9, starting at 11 a.m. Mixed rinks — $2.60 per rink, including lunch and afternoon tea. Contact secretary, Betty Dutton (398 3020).

Mixed triples are arranged for Cup Day, November 7, starting at $2.10 per rink. Triples must consist of at least one lady and skippers are optional. Entries can be obtained from Jim Bett or George Curnow. Lunch can be purchased at the club or bring your own. Afternoon tea provided.

. . . the availability of extra sickness and accident protection.

1970 XW FALCON UTE
This car has been in service at Col Paige Ford since new and has been kept in peak condition. An unbeatable buy at Footscray, only $13 per week.

1969 FALCON XT
Here's an automatic car that's been kept at the peak of condition throughout its low-mile, short life. Unmarked white, radio, heater, etc. Sunshine price $1595.

1972 CORTINA XL TC WAGON
2000 OHC engine, automatic, t-bar. Very low mileage. Needs no further comment because it's the buy of the week, now at Footscray, $400 off new car price.

1967 FALCON XR SEDAN
Registered well into next year and in superb condition. A good, solid buy with plenty of good miles left. Automatic, radio, heater, etc. At Sunshine, $1395 or $8.95 per week.

VALIANT VIP
A car for the connoisseur. Big V8 engine, automatic, power steering, radio, etc. Full service history and owner books available. Price on application to Footscray. $16.95 per week.

1970 FAIRLANE SEDAN
Fabulous! No other word can describe this aristocratic car. 8 cyl. auto, no vast mileage, not a blemish anywhere. Dozens of extras. Silly Sunshine price — only $3895.

1968 FALCON FAIRMONT XT
Particularly good value now at Footscray. Good clean body and motor, heater/demister, 2-speed fan, manual transmission. Only $17.15 per week.

1970 RAMBLER HORNET
A Sunshine super-special for the smart buyer. 6 cyl. automatic with floor shift, heater, radio, etc., long reg., short mileage. Dashing yellow, only $3275.

1970 FALCON STATION WAGON
See it at Sunshine and believe it! Terrific value manual car with low mileage, radio and heater. White and bronze exterior. $1895.

1970 XW FALCON
A Sunshine special at only $12.80 per week. Manual, with radio, heater and low mileage. A wow of a looker in white with red flash. $1875.

ZA FAIRLANE
Short-cut to luxury motoring, and a genuine bargain at that. Auto, V8, long registration, low mileage, a real "looker" in black over bronze. At Footscray, only $19.50 per wk.

1971 FALCON XY STATION WAGON
Terrific value at Sunshine now. Automatic 6 cylinder wagon, smart silver duco. With low mileage, you also get radio and heater demister. See it. Only $2495.

1971 CHARGER
Hemi 215 manual. Just the car for the chap who's going places. Mileage reading is mighty low — value reading mighty high at silly price of only $2660. At Footscray.

1971 HOLDEN HQ
This won't last long. Superbly maintained manual with radio, heater/demister and mag wheels. Surprisingly low mileage. Sunshine price, $2595.

1971 RAMBLER HORNET
A real black beauty with class. Automatic with terrific extras, lowest of low mileage. An all-round great buy now at Footscray. Only $3625.

1967 AUSTIN 1800 SEDAN
Terrific car to make the wife happy and independent. Manual in A1 condition, low clock-reading, radio, heater/demister. Sunshine has it for only $1195 or $7.50 per wk.

1970 ESCORT 1300
A one in a thousand chance to own the great economy car with special "zip". Superbly maintained with log book and service history to prove it. Slick green duco, heater, etc. Only $1875 at Footscray.

1968 FALCON STATION WAGON
Great buy for the family man or small business runabout. In good nick with plenty of unused miles. Manual with radio, etc. Sunshine price, $1595.

1970 HOLDEN HG PANEL VAN
Here's the work van with plenty going for it — plenty of unused miles, plenty of room, plenty of life left. Manual with fan boosted heater. Check it at Footscray, only $2050.
